

Problem Statement : Creating a web page with links

HTML CODE :

```
<DOCTYPE HTML>
<html>
  <header>
    <title>Hyperlinks</title>
  </header>
  <body>
    <h1>Welcome to my website!</h1>
    <p>To visit Youtube, <a href="https://www.Youtube.com" title="Click
here to redirect to Youtube." target="_blank">click here.</a></p>
    <p>To download Assignment, click the below link.</p>
    <a href="Assignment.pdf" title="click to download">DOWNLOAD</a>
  </body>
</html>
</DOCTYPE>
```

OUTPUT OF THE ABOVE CODE :

Welcome to my website!

To visit Youtube, [click here.](https://www.Youtube.com)

To download Assignment, click the below link.
