

Problem Statement : Creating a web page with links

HTML CODE :

```
<DOCTYPE HTML>
<html>
  <header>
    <title>Redirecting Experiment</title>
  </header>
  <body>
    <h1>Welcome to our website!</h1>
    <p>To visit Reddit, <a href="https://www.reddit.com" title="Click here
to redirect to Reddit." target="_blank">click here.</a></p>
    <p>To see my portfolio, click the below link.</p>
    <a href="Portfolio.pdf" title="click to download">DOWNLOAD</a>
  </body>
</html>
</DOCTYPE>
```

OUTPUT OF THE ABOVE CODE :

Welcome to our website!

To visit Reddit, [click here](https://www.reddit.com).

To see my portfolio, click the below link.
